

# Marie Curie Actions

## Lisette Schermer

STYRIAN ACADEMY for Sustainable Energies

### Marie Curie Actions

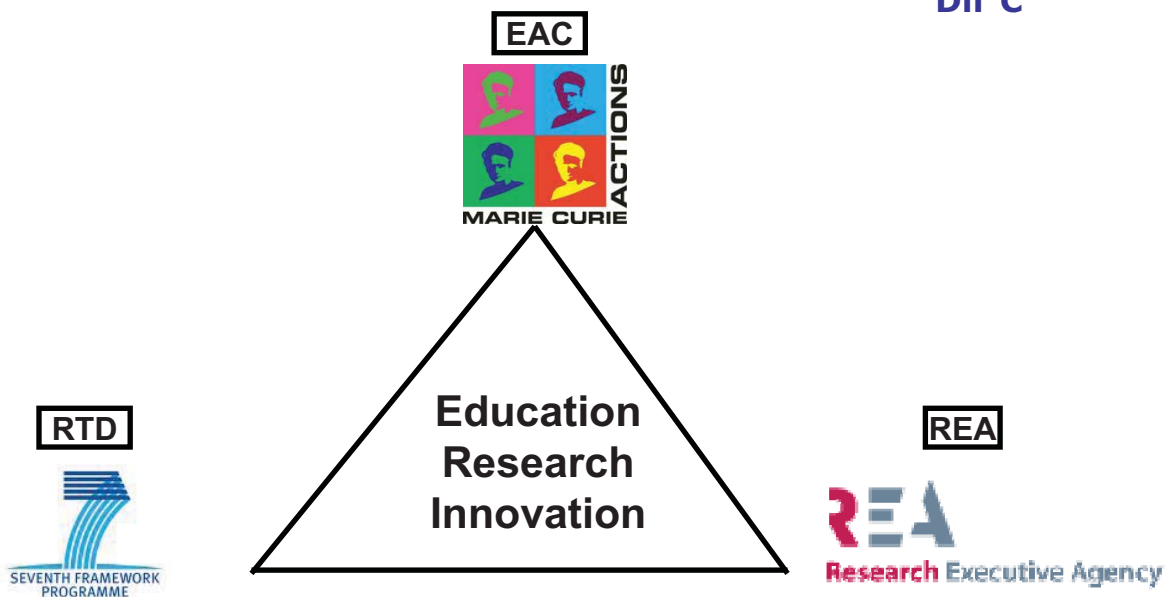

Dir C

What we are now working on?

Dir C

What we are now working on?

Dir C

**Career of researchers:  
Numerous types of fellowships**

**Brain circulation: fellowships within and outside Europe**

**Networking of research institutes: selection of young and experienced researchers**

**Exchange of staff between Academia and Industry**

**Funding of national and regional fellowship programmes**

## What in Marie Curie?

**Non-European researchers in both industry and academia can benefit from European Marie Curie fellowships throughout their research career, from PhD programmes onwards, providing attractive career development opportunities through prestigious research training and mobility in Europe**

STYRIAN ACADEMY for Sustainable Energies

## Who

**The Marie Curie Actions provide funding for research organisations to host fellows or for individual experienced researchers to work in another country. Regardless of your age, research experience and nationality, there is a Marie Curie Action for you**

STYRIAN ACADEMY for Sustainable Energies

## How much

As a fellow, you receive a competitive salary, a monthly international mobility allowance and an annual travel allowance. Your research institution also benefits from a contribution to your research costs, including provisions for your training and career development (e.g. course attendance, participation in international conferences, membership of professional organisations)
